PROFESSIONAL SUMMARY

Analytical and detail-oriented MSc IT student with a strong foundation in data analysis, statistics, and data-driven decision-making. Proficient in Python, SQL, and data visualization, with hands-on experience in data cleaning, exploratory data analysis, and translating complex datasets into actionable business insights. Certified in Data Analytics and AI foundations, with exposure to cloud-based data tools and business case simulations. Seeking an entry-level Data Analyst role to apply analytical skills, technical expertise, and a results-oriented mindset to a growth-driven organization.

SKILLS

Technical Skills: Data Analysis, Data Cleaning, Data Visualization, Python, SQL, Excel, NumPy, Pandas, Power BI

Tools & Platforms: Power BI, Tableau, Looker, BigQuery, Google Cloud

Other Technical: Python (Flask), Django, HTML, CSS, JavaScript, React

Core Competencies: Requirement Analysis, User-Centered Design, User Research, Stakeholder Engagement, Problem Solving, Communication, Collaboration

WORK EXPERIENCE

HRDM Global Solutions

Jul 2025 – Present

UI/UX Designer & Front-End Developer

New Naroda, Nikol, Ahmedabad

- Leading end-to-end design and development of the company's professional website using Django (backend), HTML/CSS/JavaScript (frontend), and responsive UI/UX practices.
- Collaborate with stakeholders to gather requirements and design intuitive, role-based dashboards (Candidate vs. Client) with application tracking.

Cognifyz Technologies

Feb 2026 – Mar 2026

Data Analysis Intern

Nagpur, Maharashtra (Remote)

- Performed exploratory data analysis (EDA) on a real-world restaurant dataset using Python (Pandas, NumPy, Matplotlib, Seaborn) to uncover trends in cuisine performance, pricing, and city-wise distribution.
- Analyzed the impact of online delivery on customer ratings and the correlation between votes and ratings, documenting insights in a structured data analysis report.

Prodigy InfoTech

Feb 2026 – Feb 2026

Data Science Intern

Ahmedabad, Gujarat (Remote)

- Built regression and decision tree models for predictive analysis and implemented sentiment analysis using TF-IDF and Logistic Regression, evaluated via accuracy and confusion matrix.
- Conducted large-scale dataset analysis (100K+ records) with data cleaning, feature engineering, and visualization; earned a Certificate of Completion and Letter of Recommendation.

Zidio Development

May 2025 – Jul 2025

UI/UX Designer

Bengaluru, Karnataka (Remote)

- Collaborated with the design and development team to create user-centered wireframes and prototypes for web-based applications.
- Delivered high-quality design assets and interactive prototypes, applying visual hierarchy and accessibility principles to enhance usability.

PROJECTS

SmartSpend — Personal Finance Data Analysis

Built a data-driven personal finance analysis project to track and analyze spending patterns and generate actionable financial insights. Collected and cleaned transactional data using Python (Pandas, NumPy), performed exploratory data analysis (EDA), and identified spending trends across essentials, discretionary expenses, and savings categories.

LiteraryHub — Book Selling Application

Designed and developed a user-friendly book-selling app featuring seamless navigation, secure payment integration, and personalized recommendations.

Solar Tracking Device (Arduino)

Developed a solar tracking system using Arduino Uno, LDR sensors, and servo motors to optimize solar panel efficiency by automatically aligning with the sun's position.

E-Learning Platform Wireframe (Zidio Internship Project)

Created wireframes for an online education platform, focusing on user flow, course navigation, and responsive design.

Task Management App Wireframe (Zidio Internship Project)

Designed task management wireframes with dashboard view, task categorization, and team collaboration flow.

CERTIFICATIONS

Tata GenAI Powered Data Analytics — Forage	<i>Feb 2026</i>
Oracle Cloud Infrastructure 2025 Generative AI Professional — Oracle	<i>Sep 2025</i>
Microsoft Data Analyst Certificate — Microsoft	<i>Aug 2025</i>
Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate — Oracle	<i>Aug 2025</i>
Google Gen AI Exchange Program — Google & Hack2Skill	<i>May 2025</i>
Data Analytics Virtual Internship — Deloitte (Forage)	<i>May 2025</i>
Innovation Through Design: Think, Make, Break, Repeat — The University of Sydney	<i>Feb 2025</i>

EDUCATION

Master of Science in Information Technology GLS University	<i>Jun 2025 – Apr 2027</i>
Bachelor of Science in Information Technology GLS University	<i>Jun 2022 – Apr 2025</i>
XII (Commerce) Doon International Public School	<i>2021 – 2022</i>
X Doon International Public School	<i>2019 – 2020</i>

AWARDS & ACHIEVEMENTS

- Qualified for Google Cloud Arcade Novice Tier (Jul 2025).
- Scored 84% in Oracle Cloud Infrastructure 2025 Generative AI Professional certification exam (1Z0-1127-25).
- Completed 36+ Google Cloud Skill Badges across AI/ML, Data, Infrastructure, and Gen AI tracks.
- Winner, Logo Design Competition — Cyber Shadez Events, GLS University (3 consecutive years).
- Built and deployed a personal portfolio website showcasing UI/UX, graphic design, and Python projects.
